

## FEATURES

- 6 different color variations
- Separate sets for left-handed users
- 64X64 pixel resolution for larger displays up to 200% interface scaling

## INSTALLATION

- Extract the downloaded .zip and view the files
- Locate and right-click on the .inf file you want to use and select Install from the drop-down menu that appears
- Push the Windows Key and type "Change how the mouse pointer looks" into the Windows search box and press Enter (In Windows 8, typing anywhere on the Start Screen brings up the search box automatically.)
- Click the Pointers tab in the Mouse Properties window
- On the Pointers tab, click the down arrow on the box under Scheme and select EDGE
- Click Apply and then OK.
